A Valuable Collection

Recently Mrs. R. J. Snyder presented to the City of Sonoma a cabinet of mammoth size containing valuable relics of early days which to us are beyond value and are now on exhibit in H. Bates', the clothier, windows. These relics have been in actual use when Col. Fremont was on his trip through the then unknown West, seeking new lands and making surveys and maps of the country, being lost to the world for nine months and traveling a distance of 3,500 miles. We note a framed biography, of the life of Col. Fremont in the collection and there we read of the trials and tribulations of this noted traveler; and after one of his long and hard journeys he made an enemy of two Americans who had him arrested and carried East.

There are two dueling swords which belong in the same scabbard and we learn that when two had carried an argument too far that the owner of the swords would extend the case to his opponent to choose his weapon, he taking the remaining one and settling their differences. No doubt if these swords could talk they could tell many a tale.

There are two holsters for the old time powder and ball cartridges which, when used, it was necessary to bite off the paper end and expose the powder so that the ignition could take place when the hammer struck the cap.

Revolvers of decided ancient make with ram rods attached and which must be muzzle loaders, blunderbusses, swords, hunting knives and daggers. There is also a picture of Governor Boggs, the first governor of Missouri and a picture of T. A. Sutter bearing this inscription: "Presented to Major Snyder with the highest regard by his obedient friend and servant, T. A. Sutter."

There are also many other things for which we can find no name and are certainly very interesting to look at.

We understand this cabinet of curios will be placed in the City Hall with all articles properly labeled, and that the case will be securely locked.

In obtaining this collection Sonoma is in luck and can proudly say that we have a collection unequalled by any small town and sought after by the larger cities.

Mrs. Snyder has also presented to the Masonic order of this city an ink stand and pen holder. It is a very valuable piece of art, being made of solid bronze, Italian porcelain and the woodwork is mahogany. Evidently the stand was in use before bladders, for there are two receptacles for the purpose of holding said bladders when the letters were written was to be poured over the paper and then poured back into the receptacles. This has been overhauled and cleaned by Eugene Oppiger, our jeweler, and can be seen on exhibit in his store window.

She also presented to H. Bates Major Snyder's folding writing desk which, were it able to talk, could tell us of many happenings of early days. It is brass bound and made of camphor wood. This can also be seen at Bates' store.

Denied New Trial

Judge Emmet Seawell denied E. S. Rowland, the Healdsburg bank cashier, a new trial in the Superior court on Monday morning. In announcing his denial of the motion Judge Seawell referred to the instructions to which an exception was taken by counsel, and also to the objection to the admissibility of the books and certain entries in evidence, the authorities cited and other points.

While agreeing that there were many good points suggested by counsel; Judge Seawell said that he was satisfied that the instructions to the jury were as fair as Rowland could reasonably expect. He said the jury had undoubtedly taken into consideration the books and entries; the admission of Rowland and other features of the evidence in arriving at their verdict.

The passing of a sentence was, upon request of defendant's counsel, postponed until this (Friday) morning.

SECRET PASTURE

Along the rockbound mountain trail, That winds its tangled way, An Indian and his stolen steed Ascent at close of day.

The evening shadows draw apart, The sun of burnish gold, In crimson glory sinks away And day its tale has told.

Upon the lonely mountain side No sound no stir is heard But the slight rustling of the wind The chirp of nestling bird.

Far in the West the first star creeps, And silently the night Steals, round the border and his Steed Upon the mountain light.

Carelessly upon his prize He rests his brassy arm And in the pasture there to feed; He turns it safe from harm.

He knows Death would his crime reward, But fearlessly will roam Or safely amuse beneath a curse Upon the white man's home.

And there in rugged solitude, Beneath a midnight sky, Defiance lurks at white man's laws Where no soul is high.

And the avenger seeks his haunt, And the wild beast cry; The Indian breathes his silent prayer And feels his God is nigh.

They hunt him till the dawn of day Like wolves his blood they seek, Nor dream that in the pasture land, against the mountain peak,

The Indian greets the first faint light That o'er the mountain creeps.

And mounts his neighing pacing steed While all the world still sleeps. And e'er the Eagle from on high Bends low his fletching eyes

The Indian far from law and course, Is speeding with his prize.

Contracts Let

F. Henry Williams, who has been in Santa Rosa representing the United States Sanitarium Company, which recently purchased the Dr. C. C. O'Donnell property at Glen Ellen, left San Francisco Saturday for Los Angeles. Prior to his departure he closed a contract with Frank A. Sullivan of this city for the erection of barns and other improvements on the place at Glen Ellen at a cost aggregating \$35,000.

The company is having plans rushed to completion for a sanitarium which will cost between \$40,000 and \$50,000, and as soon as these are ready Mr. Sullivan will erect that building also. The company already started a large advertising campaign for the Emmanuel Sanitarium at "The White City," near Glen Ellen, and promise to have it ready for occupancy by June 1. The buildings on the property are to be converted into sanitarium cottages for immediate use.—Press-Democrat.

The headquarters of the California Raisin Day Committee at Fresno presents a scene of the greatest activity. In one room are the men who are carrying the campaign to a successful culmination. There are the directors and members of different sub-committees. A large force of stenographers is turning out hundreds of letters each day to commercial bodies, fraternal orders, churches, schools, ladies' clubs, and the leading newspapers of the country, and in fact every known channel of publicity is being utilized in this great work.

In another room is the mailing department where men are wrapping and sending out thousands of raisin recipes, posters and stickers to all large department stores, factories, and railroad offices in the nation. Tons of letters and packages stacked around the room, all systematically arranged, testify that this portion of the work is not neglected. Messenger boys are scurrying here and there and reporters are looking for every bit of news. Taken all in all it certainly looks as though "California Raisin Day," April 30th, is not a success, it is not because of lack of concentration effort on the part of the California Raisin Day Committee.

Court House Progressing

The work of putting in the wainscoting in the corridors of the new court house has been begun and a portion of one of the upper halls of the building has been fitted up with this substitute for marble. The process of compounding has been going on for a considerable time and much of the material is prepared for being put in place. This will be done as fast as the rooms are in readiness.

The windows of the building are being fitted in and will soon be all in position. Those in the lower story are already set and those in the upper will shortly be.—Republican

Superior Court Notes.

The suit of John Foppiano vs. A. M. Ewing, was dismissed without cost to either party.

The trial of the suit of A. M. White vs. W. F. White was set for June 8.

The final accounts were settled and distribution ordered of the estate of Jane Spence.

A. E. Sondag, the Tailor

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of the trade. Give him a trial order for a good suit and you'll be satisfied.

Secret Pasture

In another column of this issue can be found a poem entitled "Secret Pasture," written by Miss Edna Poppe, of Glen Ellen for the EXPOSITOR.

The poem refers to a piece of land located about three miles east of the Napa range near Glen Ellen and consists of about twenty acres. It was used in early days as a pasture for stolen horses, being very secluded and away from all observation. Those remaining of the early settlers will probably remember the place.

The poetry has fine meter and is certainly written by a lady of talent, who should grasp every opportunity to compose verses and whose friends and relatives must push her forward. She has, without question the poet's spirit and we can read between the lines that her mind, as those of other poets, soars to the clouds in dreams of splendor, returning and presenting to us in time the beauties of her journey.

We thank you, Miss Poppe, for this poem and hope to receive more in your pen.

Rose Carnival

In another column appears a list of premiums offered for exhibits at the Rose Carnival on May 7th and 8th, to be held at Santa Rosa. Would it not be a fine idea for the several societies in our city to enter into this contest? This carnival will benefit our valley as well as Santa Rosa and we should put a hand to the wheel in some shape or form. Take this up and see what can be done.

We understand the Southern Pacific will be asked to run a special from Vallejo, which will leave there early in the morning and return late in the evening, thus giving the people of our city ample time to take in everything during the carnival.

Sunday School Convention

Nearly four hundred delegates were in attendance at the State Sunday School convention at Santa Rosa which closed its sessions Thursday evening, finishing one of the most successful years in its history. The secretary's report showed 2061 school in Northern California with a total enrollment of 80,086 and in addition a cradle roll of 5957 and a house department with 5138 members. Over \$4,200 was raised in the convention, by pledges and cash for the expenses of the current year. Bishop W. M. Bell of the United Brethren church, was elected president and C. R. Fisher was re-elected secretary. The convention is to be held next year in Oakland in response to a very hearty invitation from the delegates present and the Board of Trade and the mayor of that city.

Given a Shower

The young ladies of Saint Mary's Guild had a tea and a dainty linen shower in honor of one of their popular members, who will shortly be christened as a bride, Miss Harriet Porcher Smith, on Tuesday afternoon. The gathering took place at the residence of the President of the Guild, Mrs. Ross Campbell. The young lady who was the motif for the function was very much pleased at the attention shown her, and the afternoon was delightfully spent.

Miss Smith's marriage to William F. Clewe of Sonoma will be an event of much interest early next month. The nuptials will take place in the Episcopal Church of the Incarnation and the Rev. G. Marshall Cutting, rector of San Rafael, and the Rev. George T. Baker, rector of the church, will be the officiating priests.—Press Democrat.

A Booklet

We are in receipt of a booklet from the Southern Pacific R. R. Co., entitled "North Bay Counties," which is filled with pictures taken in Marin, Sonoma, Napa and Lake counties, together with a general description of the counties. In behalf of Sonoma City we find the "First Building of Sonoma County," "The home of General Vallejo" in 1836, "An adobe of anti Gringo Days," and "The remains of the Mission San Solano." In the general write-up we find the following:

"Sonoma, on the Northwestern Pacific and a two mile stage drive from El Verano on the Southern Pacific, is the principal town of Sonoma Valley. Next to Monterey it is the oldest in California. Here are the remains of the Mission San Francisco Solano, now used as a stable. It is an important shipping center with broad and well kept streets and many evidences of municipal enterprise. The population is about 1200."

We take exception to the portion above referring to the mission being used as a stable. We have heard that it had been used as a warehouse prior to its being turned over to the State, but not as a stable.

These booklets are to be sent out throughout the East and other parts of California, and will add much prestige to our valley and city.

Install Ice Plant

Lewis & Cummings have been very busy installing an ice plant in their place of business. A machinist has been here the past week and now has the plant in operation. It is of one ton capacity and is driven by a new five-horse power motor. The pipes run into the refrigerator and it is now possible to keep the meat in just the proper condition. They are putting in a concrete floor and will have their machinery so arranged that it can be supplied power by the same motor. They have also engaged a German sausage maker for the season, who will turn out all kinds of sausages and bolognas daily.

Old Plantation Social

"Now, Honey yo' mind yo' mammy an' des' wash up dot face ob yo' case ah's done got to take yo' to de 'Ol Plantation social' dis ebinin at de Melodist chu'ch. Yo' sholey done got to see Uncle Sambo 'n Aunt Dinah and de pickinies. Now yo' hear me, suh!"

This evening, Friday April 23d, the Christian Endeavor Society at the Methodist Sunday School room. A negro program will be given and also a dainty supper. Every one is asked to come. Admission free. AUNT DINAH.

Held For Grand Jury

Monday afternoon District Attorney Clarence Lee came from Santa Rosa in an auto and represented the people in the case of the People vs. Antonio Acquistapace in the preliminary held before Judge Small in the City Hall. A number of witnesses were called and an expert, Eugene Oppiger, gave expert testimony regarding the value of the stolen property. The defendant was held to be tried during the Grand Jury session and later Constable Ryan took him to Santa Rosa in an auto, there to await trial.

Friends of Mr. and Mrs. C. Murdock, now of Oakland, and who was formerly of this place, will be pleased to hear that the stork made them a present of a big baby girl last month.

GLEN ELLEN NEWS

D. H. Payne spent several days the past week in Oakland on business.

Rumor has it that L. O. Allison has purchased the business of Mr. Farley in Kenwood.

Mrs. Broadbuss, of San Francisco, has leased the bungalow of Jule Martens and will reside here for the summer.

The Nashville Students, a colored minstrel troupe, gave a very pleasing entertainment in the opera house last Monday evening.

L. Lounstolt, who has been employed on the Kahler ranch a number of years and who has been on the sick list for some time, left last Monday for the County Farm at Santa Rosa.

Mr. and Mrs. Wm. Speaker, of Santa Rosa, were the happy recipients of a bouncing baby girl last Wednesday. We are glad to note that mother and baby are getting along nicely and that "papa" is able to be around.

At a business meeting of the church held last Sunday Mrs. Cromwell and Mrs. Gaige were elected delegates to the State Sunday School Convention at Santa Rosa, and Miss Quinn and Miss Cornish were elected to the association of Congregational churches at Sebastopol.

A Charivari

The Woodmen of the World and Women of Woodcraft met in their hall on Broadway last Wednesday evening and then journeyed to the home of Mr. and Mrs. Wm. Helberg in Shellville and gave them an old time charivari. As is usual, it was a hard matter to get the happy couple to admit the crowd, but after listening to the melodious music of tin cans, horns, etc., they decided their only course was to allow their disturbers to enter.

In passing through the door we saw many a lady loaded with a basket of good things to eat and as the hour grew late we sat down to a light spread, topped off with goodly portions of ice cream. With appropriate remarks the Women of Woodcraft presented Mr. and Mrs. Helberg with a beautiful fruit stand, immediately followed by a large rocking chair from the Woodmen. The assembly wished the couple a long and happy married life and departed homeward at 11 A. M.

"Satisfactory" means everything right—that is the Reo.

When you can depend upon a runabout to take you wherever you want to go, at any time, without worry, without any fuss, without stopping on the road for adjustments and repairs, and keep on going a good round pace, paying very little attention to the hills—you have got a **satisfactory** Runabout, no matter what you have paid for it; and when this Runabout has cost you only \$550, and costs less to run than any other car at any price—less for fuel, tires and repairs—then you begin to realize what **satisfactory** means.

The Reo Runabout is **satisfactory** not only without regard to first cost, but also with the keenest scrutiny of all costs.

Send for catalogue. Also for "Two Weeks—A Shocking Tale of the Glidden Tour."

In Santa Rosa Wednesday was born to W. M. Speaker and wife a daughter. Mr. Speaker was fireman on the Northwestern through here for some time. Mrs. Speaker was formerly Miss Martens, of Glen Ellen.
The Odd Fellows and Rebeccas of this city will celebrate the 90th anniversary of that order in I. O. O. F. Hall on next Monday evening, April 26th. There will be a banquet and speeches and a general good time is expected. All members are requested to attend.

The Woodmen of the World have completed arrangements whereby a Grand Ball will be given by them in Union Hall, Saturday evening, May 15. The committee having the matter in charge have decided to give three prizes. One prize to the gentleman and one prize to the lady winning the prize waltz, and a gate prize of a lawn swing, valued at \$7, to the one holding the lucky number. They will give a fine supper in their own hall on Broadway. Posters will be out tomorrow giving prices and all details. Fine programs are being printed at this office for the event. Music will be furnished by the Pauli Johnson Orchestra.
Dr. H. A. Atkinson, of Harpoort, Turkey, will speak morning and evening in the Congregational church next Sunday. Dr. Atkinson has recently returned on furlough from his field to which he went some years since as a medical missionary. His address in the morning will relate to the problems of missionary work in that important and just now exceedingly interesting region, and his evening address will be a stereopticon lecture on the customs, habits, scenery and localities of that country. In connection with the morning service the annual offering for foreign missions will be taken.
Deputy Fish Commissioner W. J. Moore made a nice catch on Friday morning, while en route to San Francisco. As the train passed Wingo he saw through the car window a man setting a net in the slough. Stopping the train he rowed out to the man and arrested him, also securing the net as evidence. The illegal fisher gave his name as Hubert. He was taken to Napa and it was found that he will be tried for his offense in Marin county.
G. W. Reed, Harvey Perkins, J. F. Ryan and E. Eraldi were called to Santa Rosa yesterday as witnesses in the trial of Ed. Nixon, who broke into the depot on the evening of Feb. 9th. He was granted a jury trial and was convicted of burglary in the first degree. He will be sentenced to day at 10 A. M.
The tramp known as "A No. 1," who was in our town some time since, and who we wrote up while here, is now in San Francisco under arrest charged with defacing doors with his non de plume. It is expected that twenty witnesses will be on hand when the case comes up for trial.—LATER: He was sentenced to six months in the county jail.
Jack Gottenberg has been busy the past week with his auto and now has more cards printed upon which can be found the rates per trip to the different points. He will now carry parties from Sonoma to Napa or Petaluma for \$10. To Petaluma by the way of Santa Rosa \$20. To Santa Rosa \$15.
Now is the time for our local band to get busy and practice. The summer season is upon us and it might be a good scheme for them to give open air concerts every Saturday night in the plaza. We feel sure they would get support from the business men of the town.
Dr. Frederick Leix has sold his auto and bought a 4 cylinder White Strak. The doctor says he will have to wait a week or so for delivery on account of the car load of White-Streaks from the east not arriving yet.

John Van Hooser and wife returned from the metropolis Sunday evening.

Referring to the article in last week's issue relative to the fixing up of the plaza grounds we have learned that those in charge are acting under the orders of a civil engineer and that when the proper time arrives the work will be rushed through to completion.
Died in Sonoma, yesterday afternoon, the infant son of John Benedetti and wife, aged 15 months. The little fellow will be buried in Mountain Cemetery at 1 P. M. today. The EXPOSITOR extends our sympathy to the bereaved parents.
Who can say that we are not having fine weather this week. Our farmers could not have a better time in which to do their work.
Robert B. Fowler
Monday evening, April 16th, occurred the death of Robert B. Fowler in this city.
Mr. Fowler had been ailing for some time but was around tending to his many duties until a few days before his death when he was taken seriously ill with a complication of diseases contributory to consumption and finally succumbing to the disease.
He was a native of Sonoma, having lived his whole life of 59 years here. Was a member of our fire department, which body lowered the flag on the City Hall to half-mast and turned out in nearly full force to his funeral.
He leaves a brother, Wm. Fowler, and a nephew in this city and other relatives in San Francisco to mourn their loss.
The funeral was held from Bates' Undertaking Parlors Thursday at 1 P. M.
Interment in Mountain Cemetery. The EXPOSITOR and friends extend their sympathies to those bereaved.
Charles Westran of San Francisco into whose hand a lead pencil which he was carrying in his pocket when he stumbled and fell in the Santa Fe railroad yards, may have no fixed opinion as to whether the pen is mightier than the sword, but he is probably convinced of the power of the pencil. A similar respect for the prowess of the huppin is probably entertained by the Oakland footpad who was stabbed by one while trying to snatch a lady's pocketbook. Some very innocent-looking things harbor unsuspected dangers.

A Sailor Luncheon
Miss Marjorie Buchanan delightfully entertained a party of girl friends at a sailor luncheon, last Saturday, in honor of Mr. Calvin Bradshaw and Lieutenant Edward Croften, of the U. S. S. West Virginia. One of the amusing incidents of the afternoon was the luncheon of a model of the West Virginia by Miss Bernice Hocker. Miss Hocker broke a bottle of wine over the bow, Mr. Bradshaw ran up the stars and stripes, and amid the cheers of the sailors, the janty little warship dashed in to the waves and sailed away—upside down. A nautical luncheon was served and after the guests had eaten their way clear of hardtack, oists were given to "The Fleet," the West Virginia and the two sailor boys. The afternoon was spent in dancing, hornpipes, barn-dances and Virginia reels. The sailors attempted a few "chanties" and later the guests sailed home. All spent a delightful time.
Those present were: Misses, Irma Jamison, of Mare Island, Edna Cooper, Gertrude Calderwood, Bernice Hocker, Emilie Poppe, Helen Russell, Myrtle Minkle and Marjorie Buchanan.

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formulas and other untruthful statements published concerning Dr. Pierce's World-Famous Family Medicines, the Doctor has decided to publish all the ingredients entering into his "Favorite Prescription" for women and his equally popular tonic alterative known as Dr. Pierce's Golden Medical Discovery. Hereafter every bottle of these medicines leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound. Both are made entirely from native roots of rare medicinal value. The ingredients of the "Golden Medical Discovery" being Golden Seal root, Queen's root, Stone root, Black Cherry, Mandrake root and Bloodroot. The "Favorite Prescription" is prepared in a similar manner, from Blue Cohosh, Sassafras, Slippery elm, Unicorn root, Golden Seal root and Rattlesnake root, these ingredients being macerated for a long time at a rather high temperature in a menstruum composed of chemically pure glycerine, of

proper strength. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemist and Pharmacists many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds, embodying all the active medicinal principles residing in the ingredients employed, and this, too, in such form and combination as to keep unchanged in any climate. Thus the use of alcohol is entirely avoided.

PROOF POSITIVE.

Without solicitation, Mrs. H. Harrison, of 112 West 3d Street, Sioux City, Iowa, wrote us as follows:

"I suffered for more than seven years with a very complicated form of female trouble accompanied with nervous prostration, and after doctoring with six physicians (all bearing excellent reputations), was informed that unless an operation was performed I would be an invalid all my life. Hearing of the wonderful cures effected by Dr. R. V. Pierce's remedies and believing that there must be a cure for almost every ailment, I determined to make one more effort. I wrote to Dr. Pierce, and I will never forget his kindly advice, telling me to follow his instructions faithfully and not to submit to an operation. I commenced to improve after six weeks treatment, and in five months my improvement was so noticeable that I decided that they began to incise about my method of treatment. I was wise enough to tell them of the wonderful means of cure that I had most fortunately found, and as so many ladies applied to me for information regarding Dr. Pierce's world-famous medicines and his plans of treatment, I felt it duty bound to give them the benefit of my experience, so, I told them the facts. The large number of positive cures effected by Dr. Pierce's remedies alone, used by my recommendation, seemed, in one year's time, nothing short of a miracle. I couldn't have believed it had I not seen the parties and known the facts."

Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken again. One little "Pellet" is a gentle laxative, and two or three mild cathartics. They never gripe. By all druggists.

Pellets.

Following a series of fatalities in New York, Judge Swann has laid down a rule of law which will help to fix the public regulations of automobile traffic. "The law presumes," said the judge, "that when an owner puts in his machine a reckless chauffeur he knows the ordinary act the man is going to commit." Philadelphia courts have recently seen the necessity of severe punishment in cases of violation of speed regulations.

The flagship Connecticut, of the United States Navy, is now equipped with the most powerful searchlight in the world. The great mirror is five feet in diameter, and was made for the government in Germany. The searchlight will throw such an immense beam of light that it will be able to detect a submarine or torpedo boat at a distance of ten miles.

For the first time an election in Germany has been held up by a woman. A baroness in Westphalia was entitled to cast a proxy vote at a municipal election. Finding that her name had been left off the registry, the baroness protested. When her protest was unheeded and the election was held she appealed to the law. The courts promptly quashed the election and ordered it held over again so that the baroness could cast her vote.

The best known pills and the best pills made are DeWitt's Little Early Risers. They are small, easy to take, gentle and certain, and are sold by all druggists.

Some people are prophesying that airship trips from New York to Albany are impossible because, while the ships can go, they cannot float. In Fulton's time the doubters insisted that his boats couldn't go, although they floated all right.

Just a little CASCASWEET is all that is necessary to give your baby when it is cross and peevish. CASCASWEET contains no opiates nor harmful drugs and is highly recommended by mothers everywhere. Conforms to the National Pure Food and Drug Law. Sold by all druggists.

Ladybugs by the quart! Thirty quarts of them have just been dug from beneath the snow in the vicinity of Dutch Flat, Placer county, and sent to the State's "bughouse" in Capitol Park, where State Entomologist E. K. Carnes is preparing to ship them to all parts of the State for the benefit of gardeners. These ladybugs are of the *Vadalia* variety, whose chief mission is to devour the troublesome insect pests that infest melon vines.

This is the most dangerous time of the year to take cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup, as it tastes so good, nearly like maple sugar. It is sold by all druggists.

The success of savings bank insurance in Massachusetts has led the New York legislature to plan a system that will give insurance to people of small income. It is intended to have a policy provide life insurance and old age insurance on premium payments as low as 25 cents a month.

Sour stomach makes sour people. It makes your disposition sour, you become disliked because of your sour nature. Every bit of it can be stopped just as soon as you take something to digest the food you eat. Sour stomach is caused by too much acid arising from undigested food. Kodol for Dyspepsia and Indigestion will digest any kind of food in any combination at any and all times. Keep your stomach well by taking Kodol now and then. Sold by all druggists.

Blowing natives from the mouth of a cannon is still a past time for the English in India, but at home they run from the mere shadow of a Prussian soldier.

England's new warships are 30 per cent more dreadfuller than her Dreadnoughts, and that gives the admiralty dreadful bother to think up some new names.

Most women who have bad complexions have dyspepsia, or at least indigestion, which eventually will become dyspepsia. To have fine, fair skin and healthy, rosy cheeks you have to have first a good, healthy, perfect digestion in order that you may have rich, red blood. Keep your stomach well by taking Kodol for Dyspepsia and Indigestion occasionally—just when you need it. It is pleasant to take. Sold by all druggists.

A correspondent of the Golden-Field News says: A ledge of ore which is more than a 1,000 feet in width, and which, after being uncovered by trenching operations on either side of a jagged outcrop as its center, assays from \$30 to \$60 clear across—assays taken from grab samples—is the latest development at Pioneer, and is creating an excitement which perhaps discounts the sensational developments in the workings of the Pioneer Leasing Company about the 1st of last December; then the one which followed the proving up of the Pioneer vein on the 200-foot level of this property, and the later discovery of dollar-a-pound rock in the workings of the Mayflower Consolidated mine.

Deafness Cannot Be Cured by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's family Pills for constipation.

The Cudahy Packing Company of Kansas City was indicted by the Federal Grand Jury of wholesale violations of the United States Internal Revenue laws. The charge is that the company has defrauded the Government out of \$8,000 in revenues on oleomargarine. The corporation was indicted on 737 counts and the minimum fine on each count is \$1,000 making a total for which the company is liable in the event of conviction of over \$700,000.

In Five Minutes.

Take your sour stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; doesn't matter—take your stomach troubles right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapensin and let you eat one 22 grain Triangular and see if within five minutes there is left any trace of trouble. The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become afflicted with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of the stomach, bad taste in the mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food. Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery. Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapensin.

I heard a man say that the ankle is placed between the foot and the knee to keep the calf from eating the corn. If you wear our foot form shoes you will not be bothered with corns. We have shoes in all sizes—for the little, tiny baby to the largest lady or man. You have a lot of trouble getting socks that give any

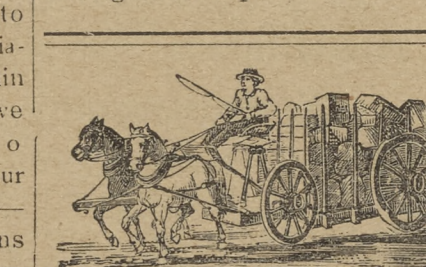

kind of wear, don't you? Try Radium Socks, we have 'em, and they will make good. There's a good deal said about socks that wear, but we will put our 2 for 25c socks up against any of them for wear and ours cost only half as much. They come in black and tan. We are selling stacks and stacks of them, and can recommend them to you. Another make of socks that sells very freely this time of year is a "Merino." We have them in light weight at 25c per pair. You are buying everything you wear now from us ain't you? New lot of ladies' hats come in today. Remember, if you can speak a good word for us it would be awfully nice of you and everyone in the store would appreciate it so much.

Thanking you in advance, here's hoping.
